Portfolio: https://xjohnsondev.github.io/Portfolio-V2

PROFESSIONAL SUMMARY

Certified Software Engineer with a proven track record of delivering high-quality software solutions. Adept at analyzing complex problems and implementing effective solutions. Collaborative team player with a strong focus on achieving organizational goals through innovation and technical excellence.

TECH STACK

Languages: Python, JavaScript   **Front-End**: HTML, CSS, React, React-Native
Version Control: Git   **Back-End**: Express, Flask, Node.js, PostgreSQL

EXPERIENCE

Driven II Develop, Front-end Developer   May, 2024 – July, 2024

- Actively engaged in the development of a robust real estate application as a front-end developer within an AGILE framework.
- Maintain continuous communication with the UI/UX team and back-end developers to ensure seamless integration and user experience.
- Utilize React Native, Next.js, and PostgreSQL to build and enhance application features.

Springboard, Software Engineer Trainee   Mar, 2023 – Apr, 2024

- Completed a comprehensive curriculum covering key topics in software engineering, including algorithms, data structures, object-oriented programming, and software design principles.
- Developed "**PRIMAL Fitness**"; a full-stack fitness application that allows users to view information (including demonstrations) about over 1,300 exercises and create a list of favorite exercises – **https://github.com/xjohnsondev/Primal**
- Developed "**Jobly**"; a full-stack application that simulates selecting relevant jobs and applying to the jobs – **https://github.com/xjohnsondev/react-jobly-frontend**

Wynn Resorts, Corporate Investigator   Aug, 2023 – Present

- Conduct thorough investigations, ascertain conclusions, and maintain records and processes for auditing/legal purposes.
- Document incidents and events into investigative reports, ensuring those reports were completed accurately and in a timely manner.
- Work with guest claims/risk management to mitigate liability to the company.

City of Henderson, Police Officer   Jul, 2021 – Dec, 2022

- Performed rescue functions at accidents, emergencies, and disasters by directing traffic and administering emergency medical aid.
- Conducted criminal investigations by securing crime scenes, gathering evidence, and interviewing victims, witnesses, and suspects.
- Recorded facts to prepare reports documenting incidents and activities.
